

70 DUMPER

- ↑ Max capacity: 7000 kg
- ⬆ Dump body capacity (heap): 4.2 m³
- ⬇ Fixed dump body

120 DUMPER

- ↑ Max capacity: 10800 kg
- ⬆ Dump body capacity (heap): 6.5 m³
- ⬇ Fixed dump body

120T DUMPER

- ↑ Max capacity: 10500 kg
- ⬆ Dump body capacity (heap): 5.3 m³
- ⬇ Trilateral dump body

Models currently available in the EC market

7000 DUMPER

- ↑ Max capacity: 12000 kg
- ⬆ Dump body capacity (heap): 7.0 m³
- ⬇ Fixed dump body

Models currently available in the EXTRA EC market

DUMPERS

DIECI

DUMPERS

Agile and user-friendly, Dieci **dumpers** move with agility even in limited working spaces.

Their **considerable loading capacity** speeds up the task of transporting, handling or removing material.

Built to ensure **strength, reliability** and a **long product life cycle**, Dieci DPs respond to the real needs of the construction site.

PRACTICAL AND RELIABLE

- **Three steering modes** which can be selected by the operator: 4 wheels, transversal, 2 wheels.
- **Permanent all-wheel drive**: stability and control at every construction site.
- Continuously variable hydrostatic transmission: **smooth and precise movements**.
- Proportional **hydraulic system** for tipping the dump body.
- **Inching Pedal**: slow and controlled movement.

SAFETY AND CONTROL

- **360° visibility**: travel and handling in fully safe conditions.
- **Reversible driver's seat** or improved precision and quality of use.
- **High-stability fixed frame**.
- **Automatic handbrake** applied when engine is shut off.

HIGH COMFORT

- **Ergonomic**, comfortable and safe cab.
- **Rear view system** on 7" display
- **Air conditioning, heating, LED work lights***.

** where present*

OPEN OR DOUBLE DOOR, outer side

ROPS-FOPS APPROVAL

EASY TO HANDLE

NO TYPE-C DRIVER'S LICENSE

IDEAL FOR RENTAL

COMPACT AND VERSATILE

- **Compact size**.
- **High-performance both on and off-road** through a wide choice of tyres.
- **Easy to handle and intuitive**, perfect for immediate use even without training.

TRILATERAL DUMP BODY

to reduce maneuvering time and operate in confined spaces
