

FAST ATTACH

ALL CONNECTIONS **IN ONE SHOT**

One single movement to **MECHANICALLY, HYDRAULICALLY, AND ELECTRICALLY** connect all equipment, directly from the cab or via remote control.

EQUIPMENT CHANGE IN 10 SECONDS

IMMEDIATE MACHINE SET-UP

NO MANUAL OPERATIONS

DIECI

**FAST
ATTACH**

To streamline operations and reduce working time, the **innovative Fast Attach system** was developed. A quick coupling, unique in the world of telehandlers, capable of maximizing the capacity and versatility of these machines. Attach and detach any equipment with just one move!

ADVANTAGES

FAST

Operates in just a few seconds. Direct action from the joystick or remote control.

EASY

No manual operations required. No instructions needed.

SAFE

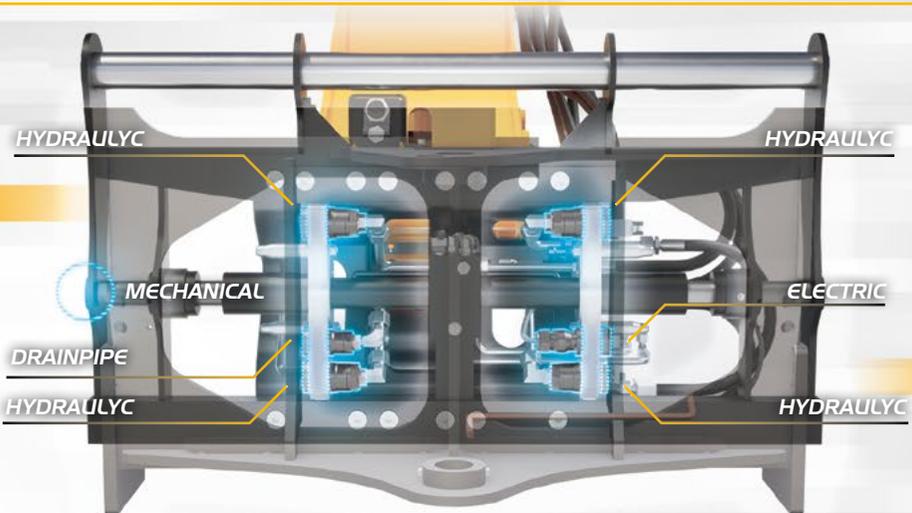

Eliminates incorrect connections. All information displayed.

SMART

Universal configuration for the entire range of telehandlers.

CLEAN

Fewer leaks and infiltrations. Increased component lifespan.
